Insurance

Oct 1, 2026

View document

Health insurance claim settled for ₹31,200 out of ₹48,500.

64% approved

36% cut

Claimed	Approved	Cut
₹48,500	₹31,200	₹17,300

All amounts found in your document

In simple words.

Shield Health Insurance has processed your hospitalisation claim for Sunrise Hospital, Jayanagar.

₹31,200 of the ₹48,500 you claimed is approved and will reach your bank account within 7 working days.

₹17,300 was cut because your room rent was above the allowed limit of 1% of the Sum Insured.

What you need to do.

0 of 1 done

- [ ] If you disagree, write to the Grievance Cell with the room tariff and discharge summary within 30 days.

Lab report

Oct 9, 2026

View document

Blood test from City Diagnostics: 2 values are marked outside the normal range.

Haemoglobin
11.2 g/dL
Range 13.0 – 17.0
Low

Fasting blood sugar
126 mg/dL
Range 70 – 100
High

Total cholesterol
182 mg/dL
Below 200
In range

Report date
9 Oct 2026
Sample collected 8 Oct

Values and flags exactly as printed on your report

In simple words.

This is a blood test from City Diagnostics, dated 9 October 2026.

The lab marked **haemoglobin as low** and **fasting sugar as high** compared with its normal range. Cholesterol is within the range.

Show this report to your doctor. Only your doctor can say what these numbers mean for you.

What you need to do.

0 of 1 done

- [ ] Take this report to your doctor. The lab suggests a follow-up for the values it marked.

Not a diagnosis

Your health checkup: a lab report, a prescription and a bill.

IN THIS UPLOAD

Split using the headings on your pages

1 Lab report | 2 Prescription | 3 Bill

Look at these first.

5 values are marked outside the range on your lab report.

Fasting blood sugar · Blood sugar · page 1	118 mg/dL	High
HbA1c · Blood sugar · page 1	6.1 %	High
Total cholesterol · Lipid profile · page 2	212 mg/dL	High
LDL cholesterol · Lipid profile · page 2	138 mg/dL	High
Vitamin D (25-OH) · Vitamins · page 3	18 ng/mL	Low

Values and flags exactly as printed

DOCUMENT 1 OF 3 · PAGES 1–3

Lab report.

Green Leaf Diagnostics · Oct 10, 2026

Blood sugar

2 values · page 1 — 2 outside

- Fasting blood sugar: 118 mg/dL — Range 70 – 100 — High
- HbA1c: 6.1 % — Range 4.0 – 5.6 — High

Lipid profile

4 values · page 2 — 2 outside

- Total cholesterol: 212 mg/dL — Below 200 — High
- LDL cholesterol: 138 mg/dL — Below 130 — High
- HDL cholesterol: 46 mg/dL — Above 40 — In range
- Triglycerides: 145 mg/dL — Below 150 — In range

Vitamins

1 value · page 3 — 1 outside

- Vitamin D (25-OH): 18 ng/mL — Range 30 – 100 — Low

Complete blood count

3 values · page 1 — All in range

Thyroid profile

1 value · page 3 — In range

Kidney function

1 value · page 3 — In range

In simple words.

The lab report has six parts. The lab marked **blood sugar**, **two cholesterol values** and **vitamin D** outside its normal range.

Blood count, thyroid and kidney values are within range. The report asks you to consult your doctor.

Not a diagnosis. Sarvam explains what is printed. Only your doctor can say what it means for you.

You're offline.

Your saved results still open. Reading a new document needs the internet.

Open saved results

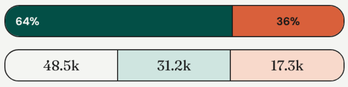

Try again

How every screen adapts to the document.

One design system, many documents. The API fields decide which blocks appear; empty fields hide their block. Never show sample text.

1 · THE "AT A GLANCE" BLOCK PICKS ONE OF SIX LAYOUTS FROM glance.key_values (first match wins, A → F)

A · Split amounts

3 amounts, the largest = sum of the other two, and the type is insurance, a bill, a receipt or tax. Claims, bills with deductions.

B · Amount to pay

1 amount (plus an optional due date). Challans, utility and internet bills, property tax, fees.

C · Deadline

Only dates, no amounts. Notices, summons, renewals. Past date: ink "Date has passed" chip, no Remind me.

D · Values

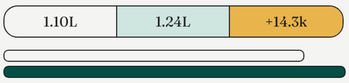

Text values with units. Lab reports. Flags only when the document prints them. 2-column tiles, max 4, then Key facts.

E · Headline only

> Your rental agreement renews every 11 months.

No glance values. Agreements, letters, forms. Headline card only; In simple words or the steps follow.

F · Amount strip

2–3 amounts that are not A or B. Investments, bank statements, salary slips. Optional bars compare only the printed values; never draw a trend.

2 · RESULT SECTIONS, IN THIS ORDER (hidden when empty)

SECTION	FROM FIELD	LOOK
Summary (type chip, date, View document, headline, glance)	document_type, report_date_iso, glance	Outline card; chip colour = type colour (§4)
Medicine reminders.	medicines (medical only)	Teal-tint panel; one card per medicine; slot chips; mustard "Set medicine reminders"
In simple words.	summary	Mustard panel
What you need to do.	actions[]	Outline card; date chip coral tint; "Remind me" if date is upcoming; "Calculated" chip if calculated
… as **numbered steps**	actions[] with no dates and 3+ items (forms)	Mustard number circles, field name in a dashed chip from the quote, done steps struck through
Watch out (one per warning)	warnings[]	Coral panel
Places & contacts.	places[], contacts[]	One outline card; one action per row
Key facts.	key_points / facts	Ink panel; first 5 then "Show all (N)"
Rating + bottom bar	always	Mustard Yes, outline No; Listen / Ask / Share

3 · WHICH READING ANIMATION

B · Photo pages: when the upload is photos or more than one file.

C · Your language: when the chosen language is not English (the step reads "Writing in Tamil").

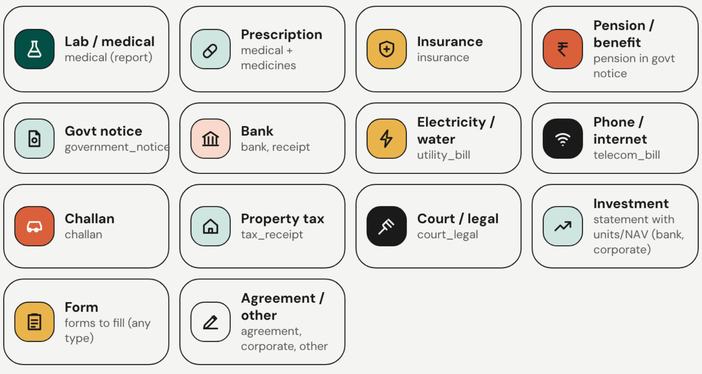

A · Scan (teal) or **D · Finding key facts** (light teal, lens): every other case, alternating A and D.

If the picked variant was shown on the previous scan, show the next one (A → B → C → D → A) so it never feels repetitive. Remember only the last variant letter in `sarvam.readingVariant`.

4 · RECENT ON HOME

Show the newest 4. From 5 saved results, a full-width "View all documents (N)" button opens **All documents**: search, type filter chips, grouped by This week / Earlier this month / month name. Same row design and icons everywhere.

5 · DOCUMENT TYPE → ICON AND COLOUR (Home samples, Recent, All documents, type chip)

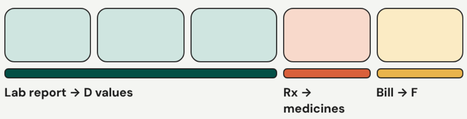

6 · HIDE PERSONAL DETAILS (share preview = what is sent)

VALUE	SHOWN AND SENT AS
Person name	`R*** K****`
Phone number	`**********` (fully hidden)
Policy, account, UHID, IDs	`SH/***/**/**102` (last 3 kept)
Email	`r***@****.com`
Home address, date of birth	`[hidden]`
Business names, amounts, dates	kept

Phones are fully masked. In the preview each masked value is a dashed mustard-tint chip in monospace; the shared text contains the same asterisks.

7 · ONE UPLOAD, SEVERAL DOCUMENTS OR SECTIONS (screen 3f)

Split: when the pages hold more than one document (new issuer, new letterhead, new title), the API returns `parts[]`, each with its pages, type, issuer and date. One part: the normal single result.

Each part keeps its own layout: lab report → value tiles (D), prescription → medicine cards, bill or statement → amount strip (F), notice → deadline (C). Parts appear in page order under "Document N of M · pages".

Sections inside a lab report use the report's own headings (Blood sugar, Lipid profile…). Sections with a printed High/Low flag come first, open; all-in-range sections are collapsed with an "All in range" pill.

Look at these first lists every flagged value across sections, at most 6, each linking to its section. Hidden when nothing is flagged.

What you need to do merges actions from all parts, each with a "From: …" tag. Key facts show which part and page each fact came from.

8 · SAMPLE TEMPLATES → THE SCREEN EACH ONE MUST PRODUCE

SAMPLE FILE (web/public/samples)	SCREEN	LAYOUT
sample-insurance-letter.pdf	3a · insurance	A split + contacts
sample-lab-report.pdf (new)	3b · lab report	D values
sample-pension-notice.jpg (Tamil output)	3c · pension, Tamil	C deadline
sample-prescription.jpg (new)	3d · prescription → 6a reminders	E + medicines
sample-health-checkup.pdf (new, 5 pages)	3f · multi-document	parts: D + medicines + F
sample-echallan.pdf	3e · challan	B to pay
sample-court-summons.pdf (new)	3e · legal notice	C deadline
sample-mutual-fund-statement.pdf (new)	3e · investment	F amount strip
sample-bank-deposit-slip.jpg (new)	3e · form	E + numbered steps
sample-property-tax-notice.pdf	rules above	A split (total = pay with rebate + rebate)
sample-invoice-warranty.pdf	rules above	F strip (taxable, GST, total)

Every value on screens 3a–3f comes from these files. If a screen shows something the file does not print, that is a defect.
